Download and Update ASUS Eee PC Series Drivers for your Windows XP, Vista, 7, 8 and Windows 10. Here you can download ASUS Eee PC Series Drivers free and easy, just update your drivers now.

The ACPI Drivers and other Drivers are available on the ASUS Support website Select your eee PC from the list, then download the ACPI drivers from underneath the "ATK" category. Borrowing a working Mac, the first step was to install 10.6.0 onto the stick per this guide. An RGB will work for 10.6.0, but was too small for an upgrade to 10.6.4 ASUS EEE PC 1000HD WINDOWS 7 VGA DRIVER FOR MAC. This is for stack exchange super user, not here. Select your eee PC from the list, then download the ACPI drivers from underneath the "ATK" category. I have since upgraded this to 10.6.4 and have documented my complete install process from start to finish below.
